

# Utilize Space Wisely With CCI's Reel Storage Bins

## New Options for ESD Safe Tape and Reel Storage Bins.

Utilizing all of your shelf space is critical in many storage situations. Many customers can literally have thousands of 7", 13", and 15" reels. There is no doubt that there is great need for an organized way of taking inventory and for storage of the various tape and reel components. CCI's new reel storage products help customers do just that.

These new reel storage bins are designed to fit 24" racks or carousel shelves to maximize shelf depth utilization. CCI's design uses Corstat material as the basis of these ESD safe products. Customers can add ESD foam to the base of the container for cushioning and/or ESD Placards to the outside of the container for labeling and documentation.

CCI Stock Part Number	Tote Size (O.D.)	Cell Size	Number of Cells
Reel 7-13	23-1/4 x 15-5/8 x 6-3/8"	1 x 7 x 6-1/2"	40
Reel 7-13 *	23-1/4 x 15-5/8 x 6-3/8"	1 x 13 x 6-1/2"	20
Reel 15 **	23-1/4 x 15-5/8 x 6-3/8"	1 x 14-7/8 x 6-1/2"	20

\* Reel 7-13 includes a partition to create 7" or 13" cells.  
 \*\* Shown in image above.

- Space Utilization
- Compatibility with Vertical Carousels
- 24" Depth Fits Standard Carousel Systems
- Standard CCI Product
- Custom bar coding options are available

Reel 7-13 shown with twenty 13" cells.

Reel 7-13 adjusted to have forty 7" cells.
